

Trailer Mounted Arrow Board

TMAB-C17A (TC-12)

Designed to meet the **TC-12 specification** set by the Ministry of Transportation in Ontario, the **TMAB-C17A** is powered by a robust solar system and comes equipped with a galvanized mast and an innovative, never before seen industry feature on an arrow board; **Hydraulic Lift**. This trailer has been designed with the user in mind to make deployment, transportation, and storage simple. Featuring a **3M Orange Diamond Grade** reflective background, our TMAB-C17A is perfect for any project in Ontario. The unique price point and robust design make the TMAB-C17A the most cost-effective solution for enhancing your work zone.

CONFIGURATION

- Heavy-duty tow couplings for vehicle towing
- Mast brake to secure arrow board in place
- Y support stabilizes arrow panel in traveling position
- Hot-galvanized steel structure with functional anti-corrosion lasting for 20+ years
- Environmentally friendly solar power system
- Different flashing patterns
- Easy-to-use on-board controller

SPECIFICATIONS

- Arrow panel size: 2400mm x 1200mm
- Trailer length: 1895mm x 2900mm
- Double layer structure with compact design
- LED lamps
- Flashing rate of 30–40 per minute
- Solar panel: 1 x 150W
- Solar charging controller
- Battery: 1 x 120ah maintenance-free gel
- Auto-dimming photocells and manual brightness control
- Anti-UV surface powder coating
- Retractable, galvanized draw bar
- Hydraulic mast lifting system
- Waterproof rating: IP54
- Aluminum arrow panel
- 3M Diamond Grade orange reflective sheeting background
- Maximum contrast Flap System (3M Diamond Grade Orange and Flat Black)

WARRANTY & MAINTENANCE

- 2 year warranty on electronics
- 1 year warranty on trailer chassis
- 24/7 technical support
